

DRY SIPHON FOR LINEAR DRAINS

Key information's:

- Installation of dry siphon instead of regular hair filter upgrades our drains to double siphon models.
- Perfect solution for bathrooms with underfloor heating
- O-Ring included in dry siphon for extra protection against bad smells and insects.
- Applicable to Pestan Confluo Premium Line, Confluo Frameless Line and Evo Line linear shower drains.
- Flow rate - 26 l/min

Technical draw:

*For Confluo Frameless Line and Evo Line dry siphon is included in standard product, for Confluo Premium Line it needs to be ordered separately.
