EVO Unlimited

EVO Unlimited is a linear shower drain from Evolution line of products and represents a innovation in the world of shower drains. Inspiration for this model was minimalistic design and unlimited flexibility which puts ceramic in first plan. It consist multiple pieces with who you can fulfill any requirement of your bathroom and it is packed with complete set for hydro isolation and protective plastic who have dual role. "Unlimited" is characterized by unlimited & minimalistic design, unlimited height of ceramic, unlimited flow rate, unlimited length, anti-leaking system, 360 degrees rotatable base and low installation height. Minimum installation height is 77mm and maximum flow rate per base is 48 l/min which is provided by ultra low 360 degrees rotatable base with 25mm water seal height and output DN 50mm. Model can be cleaned without removing grid so it makes him "Easy 2 Clean" and consist "All you need set" so client have in box everything needed for the installation. In dependence of your needs in EVO UNLIMITED set you can find the ideal solution for your bathroom.
