WE ARE

a private company Peštan, leader in the Balkans in the production and distribution of products and solutions from the polymers.

Company was founded in 1989 and has been producing water pipes made of polyethylene.

Over time, we introduced new materials (polypropylene and PVC) and expanded product range. Today, in our offer you may find more than 6500 products, divided into four categories:

**PIPING
SOLUTIONS**

**DRAIN
SOLUTIONS**

**AGRICULTURE
SOLUTIONS**

**HOUSEHOLD
SOLUTIONS**

Production facilities of company Peštan are located in Arandjelovac, Serbia. Annual revenue exceeding 70 million EUR, which is realized with the help of 1,000 employees. Peštan has a direct presence, through its daughter companies, in Bosnia and Herzegovina, as well as in Romania and through its representative offices in Albania, Croatia and the United Arab Emirates. Peštan operates in more than 60 countries worldwide through a global network of agents and distributors. Primarily export-oriented, the company is present in the market of Europe, Russia, Middle East, North Africa, Latin America and the United States. The entire production is adjusted to European standards which is proved by international

certificates for quality products: DVGW, MPA, SABS, IMS, IGH, ZIK, VUPS, EMI, and certificates of quality process ISO 9001, ISO 14001, OHSAS 1800. For maximum satisfaction of customer needs, the company is constantly innovating and improving personnel and equipment. Since 2009, the company introduced the SAP ERP modules MM, SD, PP, FI CO, and since 2012 have extended functionality and WMS was included. The introduction of WCM and WMS system has increased the efficiency, contributed to the allocation of costs and professional maintenance. Central warehouse Peštan company is located in Arandjelovac in Serbia, which is sized and designed to meet the requirements of the most

demanding customers who want efficient and reliable delivery of products. To respond to these requirements, Peštan has 14 000 m² of closed storage space for finished and semi-finished products 5,000 m² warehouse for raw materials and intermediate goods, and approximately 50,000 m² of open storage space. Indoor storage space equipped with shelves with over 21,000 pallet positions. Our vision is to be recognized as a leader in the Balkans, which provides customers with diversified solutions and products in one place. Our mission is creating a competitive advantage in our customers' businesses with the help of first-class solutions, services and products. We provide our company's success by consistently meeting the needs of clients, stakeholders and employees.
